Technical Skills

Programming & Web

- Python, Java
- HTML, CSS, JavaScript
- React

AI & Emerging Tech

- Basic AI concepts
- Prompt-based AI tools
- AI-assisted application development

Database

- MySQL, XAMPP

Tools & Platforms

- Git, GitHub
- VS Code
- Vercel

Soft Skills

- Leadership
- Communication
- Creativity
- Teamwork
- Problem Solving

Experience

Tech Content Creator

Tectonic Tribe Club, Debre Birhan University

June 2023 – Present

- Created and published educational tech content for beginner and intermediate students
- Collaborated in organizing coding sessions, tech talks, and peer-learning events
- Improved student engagement through clear, practical, and relatable tutorials

Python Hackathon Winner – 1st Place

24-Hour Hackathon, Debre Birhan University

April 2024

- Led the development of a **Library Management System** using Python
- Delivered a complete, functional, and user-friendly solution within 24 hours
- Demonstrated strong teamwork, leadership, and time-management skills

Education

BSc in Software Engineering

Debre Birhan University

Currently in 4th Year (Expected Graduation: 2027)

- Actively involved in software projects, hackathons, and tech communities
- Strong interest in AI, web development, and educational technology

Projects

KurazHelp – AI-Powered Markdown Assistant

- Built a React-based application integrating AI features
 - Supports summarization, translation, grammar correction, FAQ generation, and code explanation
 - Designed to help students and content creators work efficiently
- Technologies:** React, JavaScript, Tailwind CSS, AI APIs

DBU AI Tutor

- Contributed to the concept and development of an AI-based academic assistant for DBU students
- Focused on curriculum-aware learning support and student-friendly explanations

- Aimed at improving personalized learning using AI

Personal Portfolio Website

- Developed a responsive portfolio to showcase skills, projects, and achievements
- Added downloadable CV and social media links

Technologies: HTML, CSS, JavaScript

Library Management System

- Python-based system for managing and tracking books
- Implemented core CRUD functionalities with a clean interface

Technologies: Python

Snake Game

- Built a classic Snake Game to strengthen front-end development skills
- Implemented game logic, responsive design, and smooth user interactions

Technologies: HTML, CSS, JavaScript

Certifications

- Python Programming Certificate – Debre Birhan University
- Frontend Development Certificate
- STEM Certificate – Science & Technology Programs
- ISHEE Certificate – Innovation and Excellence in Higher Education
